1. **Program Capacity:** When the number of applicants who meet the General College Requirements exceeds the capacity of a particular program, admissions will be limited to the program’s capacity.

2. **Full-Time Semester:** In their UW-Madison course work, students must carry a minimum of one 12 credit hour semester.

3. **Satisfactory Academic Standing:** Students must have a minimum 2.0 cumulative GPA, and have a minimum 2.0 GPA in their most recent semester to be considered for admission.

4. **UW-Madison Academic Record:** The student’s overall academic record at UW-Madison is also considered.

5. **Transfer Credits and Exam Credits:** Credit will be given for appropriate transfer course work, Advanced Placement (AP), GCE Advanced Level (A-Level), International Baccalaureate (IB), and College Level Examination Program (CLEP), or other advanced standing credits.

6. **Transfer Grades:** For cross-campus students who transferred to UW-Madison from another campus, only UW-Madison grades, not any transfer course grades, are computed in GPA calculations.
