

CEE909
2008-2009
EC&T Seminar Schedule

September 5, 2008	Prof. Tomoaki Okuda, Visiting Professor, EC&T
September 12, 2008	Chris Worley, EC&T <i>Annual Safety Meeting</i>
September 19, 2008	Bill Sonzogni, EC&T Faculty, WSLH Director <i>Triclosan: Why are we still using it?</i>
September 26, 2008	Rachel Moss, EC&T <i>Siderophore Adsorption to and Dissolution of Smectite Clays</i>
October 3, 2008	Curtis Hedman, EC&T <i>Organic Anthropogenic Waste Indicator Chemical Analysis as Part of an Integrated Source Tracking Scheme for Groundwater and Surface Waters</i>
October 10, 2008	<i>No seminar scheduled</i>
October 17, 2008	Terry Barry, CALS, WSEL <i>Research Update from the Laboratory of Fish Endocrinology and Aquaculture</i>
October 24, 2008	Erika von Schneidemesser, EC&T <i>Degradation of organic compounds deposited to the Greenland Ice Sheet</i>
October 31, 2008	Eric Roden, EC&T Faculty <i>Thermodynamic vs Kinetic Controls on the Respiration of Rust</i>
November 7, 2008	David Snyder, EC&T <i>Understanding the Contribution of Point Sources to Atmospheric Metals using Single-Particle Mass Spectroscopy</i>
November 14, 2008	Sam Sibley, EC&T <i>Advancing Adenoviruses as a fecal source tracking agents: Concentrating water samples and virus detection by Polymerase Chain Reaction</i>
November 21, 2008	Dr. Roger Bannerman, Wisconsin DNR <i>TBA</i>
November 28, 2008	THANKSGIVING BREAK – NO SEMINAR

December 5, 2008

Sonya Havens, EC&T
TBA

December 12, 2008

Betsy Stone, EC&T
TBA
