

Minor in Nuclear Engineering and Engineering Physics (For students outside the department)

Student name (Last, First, M.I.)

Student ID Number

Requirements:

1. A minimum of 4 NE courses, 400 level or above, are required for the minor. These are decided in consultation with the student's advisor.
 - a. All courses used for the minor must be 400 level or above and taken after the bachelor's degree
 - b. Ordinarily only one course (maximum of 3 credits) of independent study is allowed (699, 999).
 - c. Research and thesis courses may not be used for this minor
 - d. No more than 5 credits completed 5 or more years prior to admission to the Ph.D. major may be used.
 - e. Courses taken 10 or more years ago may not be used
 - f. Courses taken pass/fail or for audit may not be used
 - g. Courses with grades of "S" given in courses graded on a credit/no credit basis are acceptable
2. A GPA of 3.0 must be maintained for the minor
3. A maximum of 6 credits may be transferred from other institutions to satisfy the minor requirements
4. The minor program must be approved by the minor professor, appointed by the department chair
5. A student who has earned an M.S. degree in Nuclear Engineering and Engineering Physics will be considered to have fulfilled the minor requirements.

Please list coursework used to satisfy the NEEP minor requirements:

Dept. Name	Course #	Course Title	Credits	Grade	Sem./Year	Institution
