

# Biomedical Engineering M.S. Accelerated Program Degree Program Plan

(Submit this form during your first semester of courses in the MS program)

Name \_\_\_\_\_ Campus ID Number \_\_\_\_\_

Area of Specialization/Track \_\_\_\_\_

Your advisor is the Associate Chair of the Master's degree program, Prof. Darilis Suarez-Gonzalez. List all courses that you plan to use to complete your degree in the table below. Look at the [BME webpage and Guide](#) for more information on the degree requirements and [the Graduate School's Academic Policies and Procedures](#) for university-wide standards. Submit this form to the BME Graduate Coordinator during your first semester of courses. We will confirm you are on track to meet the BME and Graduate School degree requirements.

Degree Requirement (for entire degree)	Course Number	Semester (ex. F 20)	# Degree Credits	# Track Credits	# <a href="#">Grad-level Credits (50%)</a> *
<b>Engineering Courses at 400 Level or above (At least 12 Credits)</b>					
<b>Project/Independent Study BME 799 or 790 (0-6 Credits)</b>					
<b>Electives at 300 Level or above</b>					
<b>Biological Science (3-5 credits)**</b>					
<b>UW BME BS students only Two adv. BME courses from BS</b>					0
					0
<b>BME Seminar (Need 2 Semesters)</b>	BME 701		0	0	0
	BME 701		0	0	0
<b>Total # Credits:</b>			<b>At least 30 credits</b>	<b>At least 15 credits</b>	<b>At least 15 credits</b>

Advisor Signature \_\_\_\_\_ Date \_\_\_\_\_

Graduate Committee Approval \_\_\_\_\_

\*Graduate level courses are 700 level or higher or have the Graduate Level Coursework attribute in Course Search & Enroll. See the [Graduate School's Minimum Graduate Coursework \(50%\) Requirement](#) for more information.

\*\*UW BME BS Degree students are not required to take an additional biological science for the MS degree.
