

Biomedical Engineering M.S: Biomedical Innovation, Design, and Entrepreneurship Degree Program Plan

(Submit this form during your first semester of courses in the MS program)

Name _____ Campus ID Number _____

Your advisor is the Associate Chair of the Master's degree program, Prof. Darilis Suarez-Gonzalez. List all courses that you plan to use to complete your degree in the table below. Look at the [BME webpage and Guide](#) for more information on the degree requirements and [the Graduate School's Academic Policies and Procedures](#) for university-wide standards. Submit this form to the BME Graduate Coordinator during your first semester of courses. We will confirm you are on track to meet the BME and Graduate School degree requirements.

Degree Requirement (for entire degree)	Course Number	Semester (ex. F 20)	# Degree Credits	# Grad-level Credits (50%) *
